

## THE INFINITE VALUE OF THE BLOOD OF CHRIST

Christ's precious blood (sufferings & death) has been presented before God and accepted according to all the perfectness, fragrance, and the preciousness of Christ's person.

- *It has perfectly glorified God and vindicated His majesty, His truth, His holiness, the very nature of God.*
- *It has furnished a divine remedy for all the mischief which sin introduced into the universe.*
- *It has divinely met all the claims of His throne.*
- *It has atoned for sin.*
- *It affords a ground on which the blessed God can act in grace, mercy, and forbearance toward all.*
- *It furnishes a warrant for the eternal expulsion and perdition of the prince of this world.*
- *It forms the imperishable foundation of God's moral government.*

### ***In the power of that blood God can:***

- *Act according to His own sovereignty and display the adorable attributes of His nature and the matchless glories of His character.*
- *Accomplish all His eternal counsels of grace.*
- *Save the Church, and raise it into the very loftiest heights of glory and dignity, despite of all the power of sin and Satan.*
- *Reach back and save the O.T. saints – “friends of the Bridegroom”.*
- *Restore Israel's scattered tribes — He can unite Judah and Ephraim.*
- *Accomplish all the promises made to Abraham, Isaac, and Jacob.*
- *Save and bless untold millions of the Gentiles.*
- *Restore and bless the wide creation.*
- *Allow the beams of His glory to lighten up the universe forever.*
- *Display, in the view of angels, men, and devils, His own eternal glory — the glory of His nature — the glory of His character — the glory of His works — the glory of His government.*

All this He can and will do; and the one solitary pedestal upon which the stupendous fabric of glory shall rest, forever, is **The Blood of The Cross** — that precious blood which has spoken peace, divine and everlasting peace, to the heart and conscience of His own, in the presence of Infinite Holiness.

The blood which is sprinkled upon the believer's conscience, now purged, has been sprinkled" seven times" before the throne of God. **Lev. 16:14**
